## **PRESIDENT'S REPORT**

I'm now working two days a week in Monbulk, in Victoria's Dandenong Ranges where time seems to have stood still. Life seems more relaxed. Walking at lunchtime, people smile and even say hello. Shopkeepers take time to enjoy a chat. It's so different from the city where most people prefer to avoid eye contact. I wonder why it is so different "down the mountain"?

Change is certainly underway. Planetary alignments, eclipses and moon phases are changing the energy on earth. We're being pushed out of our complacencies and our ruts into something new. So if you're being nudged, maybe it's time to go with the flow and see what your guides have in store for you. Use your pendulum after seeking permission with can I, may I, should I. Once connected with your higher self, guides or Godself, ask lots of questions.

At our next meeting on 28<sup>th</sup> August, our speaker will present on the subject of sustainability. I met Brett Hedger at his "House in Harmony", when it was on display for Sustainable House Day last year. On his suburban block he has a vegetable garden, fruit trees, chickens, water tanks, a grey water system and solar panels on his roof. Brett recycles many things and generally endeavours to live lightly on the earth. In his business he helps others to do the same.

As dowsers, we are generally interested in finding harmful energies, changing energy and dowsing for health. However, we are also interested in looking after our planet. I'm sure Brett can provide us all with some new ideas and answer our questions. You can combine his

suggestions with dowsing to confirm what's best for you and your needs.

As always, our DSV meetings provide great opportunities to share ideas with like-minded people. We hope to see you at the meeting on 28<sup>th</sup> August. Experienced dowsers and beginner-dowsers are all welcome.

### OUR LAST MEETING

Carolyn Koludrovic presented at our last meeting on the subject of The Human Aura.

Carolyn provided helpful advice about the auras and chakras, taking us through the different models of the human aura.

Carolyn set up a number of hands-on exercises around the meeting hall - to give us the chance to see how we fared in measuring auras. There was a lot of sharing and much laughter as members and visitors alike tested their skills with enthusiasm.

### THE HAUNTING AT NO 140

*By Mick Moran, DSV Member*

#### **By Mick Moran**

I guess this story started about 5 years ago when I realised I could detect negative energies through dowsing. On my daily walk I found a spot where I became very tired and out of breath as I walked over it.

The situation continued for quite some time before I decided to try to insulate my body from the effects of those very strong energy forces being emitted from the earth. I simply told myself that I would no longer feel the effects from these types of energies, and that a field of light would protect me in the future. It worked and very well, as I have not experienced any problems at this particular spot since.

During the November 2010 DSV meeting the guest speaker from the NSW dowsers, François Capmeil, told of how his wife could feel the

beautiful and healing effects when standing on some of the ley lines across Europe. I thought this would be a fantastic experience, but knowing I had protected myself from the effects of earth energies, I realised it would be out of my reach. It was then I decided to reverse the protection I'd placed around myself, so I could have the opportunity to feel the effects of positive healing energies from the earth.

The day that things changed was just another day, nothing out of the ordinary.

### CLEANSING THE PINEAL GLAND FOR INTUITION AND AURA DIAGNOSIS

*By Loreen McKellar*

*From the Health Dowsing group of the British Society of Dowers – a Report from their Summer Meeting in "Dowsing Today", July 2011.*

Loreen McKellar describes herself as an investigator into health. She explained to us how 20 years after being diagnosed with an overactive thyroid she is still searching for the keys to optimum health. Her thyroid is now balanced but she was shocked to find that merely indulging in the UK lifestyle of a diet of processed foods and excessive use of electronic gadgets might mean a return of her illness. Loreen has taken responsibility for her health and wellbeing. Her intuitive powers have woken up and she has been able to receive messages that assist others with their health.

### HOW TO ...

#### **ELIMINATE POVERTY CONSCIOUSNESS AND MANIFEST TRUE ABUNDANCE.**

*Edited article by J. Oswald and M. Zaher*

Have you ever wondered how poverty consciousness is created and what you can do to step out of it?

Sometimes it happens that we become overly entangled in the material world and get wrapped up in feeling that we always need more money. This idea of lacking money sends toxic stress chemicals to the brain causing the body to fight or flee for life.

So start relaxing while you're at work, appreciating that electric bill that gives you light. Go and have that special experience that you've always wanted, and really enjoy this amazing body and creative mind that have been freely given to you! As you consistently appreciate this divine manifesting vehicle that you are living in, you'll notice how each day of your life unfolds itself in the most magical and abundant ways.

### THE DSV SHOP

The DSV shop is now stocked with the biggest range of items we've ever offered.

We have a broader range of different dowsing rods and pendulums. While we don't promote the need for expensive tools, we realise that some members appreciate having more variety to choose from.

In addition to the extra dowsing tools, we are also well stocked with a larger range of dowsing books for purchase. We have the new books by our recent presenters, plus a selection acquired from the British Dowsters.

As well, we've re-stocked many popular items from Raymon Grace in America, including his wonderful books: "Techniques That Work For Me", "The Future Is Yours", and "Seasons of April". Plus, we are offering Raymon's "Learn to Dowse" DVD.
