## **PRESIDENT'S REPORT**

Here we are near the end of the year! Even though many of us in Australia have been locked up during most of 2021 (and for many, most of 2020), time has moved very fast, thank goodness.

Overall we are over being told what we can and cannot do. We've been locked up, and Melbourne has been named the most locked down city in the world. Some have thoroughly cleaned their houses multiple times, washed windows, tidied cupboards, weeded gardens, planted vegetables, walked in parks, read more books, and completed jigsaws to pass the time without our usual routines. Others have taken online courses, attended various personal-development webinars and more.

Sadly, a great many businesses have suffered, with a considerable number closed down, never to reopen.

Here in Victoria this month we are facing the prospect of a huge loss of freedoms and rights if the government's proposed Bill for the State of Emergency is passed. Lots of scrambling is being done on this by many dowsers, and we're asking for the help from higher beings.

We are blessed to have learned that International dowser Raymon Grace became aware of our situation here and that he has generously dowsed for a Mass Clearing for us in Victoria. We are very grateful indeed – thank you Raymon. The timing is perfect.

He has always encouraged us to become empowered and realise that as dowsers we can indeed influence outcomes. Encouraged by his personal help, it is a very important time to be pulling together on this situation. Let's join together in manifesting a better world, here and all around the world.

We didn't want to let the year close without being in touch via another meeting. We're not able to meet in person due to the many limiting restrictions of government and the council, so we have decided to go with a Zoom meeting instead. We resisted doing that earlier because we were concerned about it discriminating against anyone without computer access. However we're hoping that, given people in Melbourne are now able to visit others again, anyone without internet access will arrange to visit a dowsing friend to join in with November Zoom DSV meeting.

Here's to a far better world as we move towards the end of the year, ready to celebrate Christmas and other religious holidays with family and friends.

Meanwhile, if you can, please join Heather Wilks and me with others from Australia and overseas each week for a short dowsing session to address the energies associated with the pandemic.

At 12 noon AEDT, just go directly to Zoom with these details:

### **OUR NEXT MEETING**

We are so pleased that Lolita Gunning and Mick Moran will present at our first Zoom general DSV meeting. Lolita and Mick are Life Members and it seems fitting that they will be the ones to launch us into this new way of meeting.

Early in 2020, on a holiday in Australia's Tasmania, they visited a former British convict settlement, the penal colony of Port Arthur in the south of Tassie.

Port Arthur is a village and historical site on the Tasman Peninsula. It was a 19th-century penal settlement and is now an open-air museum. Ruins include the huge Penitentiary and the remaining shell of the Convict Church, which was built by inmates and quite gruesome in itself.

Lolita and Mick will share the ways they dowsed and used positive energy to protect themselves from so many negative energies.

One thing we can always rely on with both Mick and Lolita is their ability to brighten us with their particular sense of quirky humour. So even though their Port Arthur visit sounds daunting, we know they'll bring a lighter touch to it.

Hoping you'll be able to join us for their Zoom presentation on 28 November.

**HOSPITAL DOWSING PROTOCOLS Updated by Heather Wilks**

Whether for a large or small operation, or for someone giving birth, we can use pendulum dowsing to focus intention for the best outcome.

Below is a suggested protocol and a variation.

If you don't know the name of the hospital or the exact location, just keep it to something general like "from the hospital where <person> is having his/her check up/operation/giving birth today".

**1. # Yes direction: Just ask – Please clear a path to the hospital and raise the energy of the hospital now. Thank you.**

*Wait until your pendulum stops.*

-----

**2. # No direction – usually anti-clockwise**

Clearing any non-beneficial energy and providing <Person> with energetic protection - starting from the car park, the hospital buildings, the staff, all patients and visitors of <Name of hospital> in <location> where <Person> is having a check up/ operation / giving birth today.

*Wait until your pendulum stops.*

**# Yes direction – usually clockwise**

Bringing in the most appropriate energy around <person>, the doctors/ surgeons, and the support staff at the <Name of hospital> in <location>, to enable them to work efficiently, cheerfully and professionally for the best possible outcome of <Person> - for him/her to feel free of any discomfort. Bringing in the Spirit of Arnica in God's potency (right amount, right timing) as needed. This or something better as safe and appropriate, across all time, dimensions, space and reality, supported by the best dowsing and spiritual medical experts. Thank you.

*Wait until your pendulum stops.*

**3. If you hear about a hospital visit after the event, simply adapt this approach as follows:**

**# No direction – usually anti-clockwise**

Clearing any non-beneficial energy picked up in the car park, the hospital buildings, from the staff, all patients and visitors of <Name of hospital> in <location> where <person> had a check up/ operation / or gave birth.

Wait until your pendulum stops.

# Yes direction – usually clockwise

Bringing in the most appropriate energy for the best possible outcome and the highest good of <Person > for a speedy recovery. Bringing in the Spirit of Arnica in God's potency (right amount, right timing) as needed. This or something better as safe and appropriate, across all time, dimensions, space and reality, supported by the best dowsing and spiritual medical experts. Thank you.

Wait until your pendulum stops.

## COMPASSION EXERCISE

*Reprinted from Techniques for Exploring Consciousness, by Harry Palmer.*

Here is a way to increase the amount of compassion in the world.

Instructions:

This exercise can be done anywhere that people congregate (airports, shopping malls, parks, gardens, beaches etc.).

It could be done on strangers, unobtrusively, from some distance. It's best to do all five steps

*This is one of 30 exercises that can be found in the book: "ReSurfacing" by Harry Palmer.*

## LAW OF ATTRACTION FACTS

*By Andrea Schulman. Reprinted from Dreamcatcher Reality, December 2020.*

In teaching people about the [Law of Attraction](#), I've noticed there are a few points that often get overlooked when it comes to intentional manifestation.

So today, I'd like to make note of a few super - important Law of Attraction facts people often miss out on.

## RAYMON GRACE DOWNLOADS

While we still have a great range of items available in the DSV Shop, due to the restrictions, no one is able to access them at the building at this time.

To add to the problem, shipping items from the US to Australia and NZ has been temporarily stopped, due to the pandemic and unreliability of international flights.

In the meantime, if you are looking for some of Raymon Grace's products, you can now download some of his DVDs and books directly online.
